12:30 – 1:00 p.m.	<i>Breakout Session Three</i>
1:10 – 2:00 p.m.	<i>Lunch (New Student Center)</i>

Breakout Sessions 1

Allergies 101

Faculty Presenter: Jennifer Robertson, PharmD

Location: ECSU 101

Description: If the words “sniffing,” “sneezing,” or “congested” describe how you feel during the spring and summer times, come learn more about seasonal allergies and ways to combat them with OTC products.

Breakout Session 2 (choose one)

Infectious Diseases Case Presentation

Faculty Presenter: Ralph Raasch, PharmD

Location: ECSU 104

Description: A patient case is presented to demonstrate the role of pharmacists in choosing the most appropriate drug therapy in a hospital setting.

TV, Movies, and Drugs: How Far Do They Stretch The Truth?

Faculty Presenter: Adam Persky, PhD

Location: ECSU 102

Description: TV and movies have long relied on medications for their plots from medical dramas to police shows. Through some examples, learn the truth behind the “movie magic of medications.”

Lab Activities

Faculty: Dolapo Adedeji, PharmD; and Jennifer Robertson, PharmD

Location: ECSU 119

Description: Students demonstrate how to compound troches and families will be able to participate.

Breakout Session 3 (choose one)

Postgraduate Training and Careers in Pharmacy

Faculty Presenters: Macary Marciniak, PharmD; Jo-Ellen Rodgers, PharmD; Scott Singleton, PhD; and Dennis Williams, PharmD

Moderator: Carla White-Harris, BSPHarm, RPh

Location: ECSU 104

Description: Members of the panel discuss their respective fields of pharmacy, post-graduate training, and various careers in Pharmacy.

Pharmacogenetics: Do these genes make my drugs look fat?

Faculty Presenter: Christine Walko, PharmD

Location: ECSU 101

Description: Explore this rising field of pharmacy and find out how your genes can influence drug selection and the importance it may have in our drug regimens in the near future.

Nonprescription Medications

Faculty Presenter: Stefanie Ferreri, PharmD

Location: ECSU 102

Description: Have you ever been confused by the variety of medications in the cough and cold aisle? An overview of the pharmacist’s role in selecting OTC medications is discussed.
