¹⁰ Course Directors identify instructors to be evaluated by students; there are no requirements on number of contact hours taught in order to be evaluated. Therefore, some instructors may have taught only one class session; whereas, other instructors may have taught numerous times in one or more courses.

¹¹ If an instructor was evaluated in more than one course, in a given Program or Course Type, s/he is only counted once.

¹² If an instructor met "warrants further review" criteria more than once, in a given Program or Course Type, s/he is only counted once.

¹³ If an instructor met "worthy of recognition" criteria more than once, in a given Program or Course Type, s/he is only counted once.
