

Service Permit Parking at the UNC Eshelman School of Pharmacy

The use of Service Permits is limited to University employees for jobs/meetings which require 2 hours or less and take the employees away from their primary work location (i.e. HR/Finance coming from Europa). Please note that in the **W lot**, employees **must** park in one of the designated spots labeled Service Parking "P". Please note that the **light green arrows** are limited to **1 hour** parking. The **darker green arrows** are **2 hours**. If all 4 spots are filled, please use the card attached to access the McCauley Deck where there are 2 more service permit spots, and if those 2 happen to be filled you can park anywhere in the deck.

DPS is strict about the 1 or 2 hour parking limit. They don't hesitate to ticket you if you stay longer. If you get a ticket, it is your responsibility to pay, not the department's!
