- \*Course only offered every other year.
- <sup>¶</sup>A minimum of 3 elective hours at the graduate level are required during your course of study. Consult with your PI or GPC for guidance on graduate level elective options.
- <sup>§</sup>In Year 1 of the curriculum, all students will enroll in the DPET DDGS's section of PHRS 991.
- <sup>^</sup>Course that is unique to [clinician track] and (non-clinician) track students. [DPET 822 is a 3-course series for DPET clinician track students.] (PHCY 510 is a course in the PharmD curriculum for non-clinician track students.)
- **\*\*You must register for at least 9 credit hours per semester during your first 2 years. We recommend use of elective credits in semesters where your total hours are less than 9. In a unique circumstance where a suitable elective course is not available, a student could increase PHRS 991 credit hours to reach 9 total credit hours. However, this requires prior approval by the faculty rotation advisor or Major Research Advisor, and the DPET DDGS.**
- PLEASE NOTE: A student must be registered during the semester(s) or summer terms in which any written and/or oral examinations are taken and graded.
- Once a student has passed the Written Qualifying Examination following Year 2, Semester 2, the student will enroll in PHRS 994 instead of PHRS 991 plus PHRS 899 for a total of 4 credit hours.
