

Early Assurance Program

ABOUT THE PROGRAM

The UNC Eshelman School of Pharmacy seeks to admit exceptionally talented and diverse students who will become the next generation of pharmacy leaders. This program offers early assurance of admission for UNC Wilmington students into the UNC Eshelman School of Pharmacy Doctor of Pharmacy Program after a minimum of two years of study and completion of all pre-requisite courses. For more information about the application process and requirements, please visit pharmacy.unc.edu/early-assurance-program/.

"At the UNC Eshelman School of Pharmacy, we are on a path of educational innovation, breaking barriers in research and improving human health around the world. Each day our goal is to help people live longer, healthier lives. Together, we are Advancing Medicine for Life."

Angela DM Kashuba, Dean, John A. and Margaret P. McNeill Distinguished Professor

WHY CHOOSE US?

"UNCW equipped me with all the tools needed to succeed inside and outside of the classroom. With the clinical research curriculum, I also got a little bit of a head start in the world of medicine and learned all the hard work and resources that go into bringing a medication to market. One of the most persuasive factors for me in choosing The UNC Eshelman School of Pharmacy was the way that the School structured its curriculum. I am a very hands-on learner, and I loved how the School provided their students with more hours than required for immersion. I was also attracted to the School's "The Eshelman Way" statement that encompassed how vital diversity, service, and community were to UNC Eshelman School of Pharmacy."
